## The Grove House

A two-story, single family home located in the heart of Coconut Grove in Florida. The 9,165 square-foot residence offers six bedrooms, six full baths and two partial baths, library/office space, family room, and Florida room. Features include 24 foot ceilings, floor-to-ceiling impact windows, marble and wood flooring throughout. An elevator gives residents direct access from the six-car garage to the common areas or the master bedroom. A heated infinity pool and a summer kitchen with a built-in grill complete the 30,375-square-foot lot.

The home was built by Terra Developers LLC. Edgar Kamal is the architect of record.

This home is listed by Karen Elmir of The Elmir Group, Cervera Real Estate.
